

## ACKNOWLEDGMENT

The undersigned ("Supplier") and Universal Avionics Systems Corporation ("UA") anticipate that there may be numerous occasions wherein such parties mutually desire to enter into agreements relating to the purchase and sale of goods, materials and/or services as the same shall be described upon various purchase orders issued by UA, or subcontracts or agreements between UA and Supplier.

Supplier and UA understand that in certain important respects, the terms and conditions appearing on UA's purchase orders or contained within any subcontracts or agreements are not expected to cover all the quality system requirements that UA obligates its suppliers, their suppliers, and subcontractors to adhere to.

Supplier hereby acknowledges and agrees that the attached Supplier Quality Requirements (hereinafter, "SOP-QA-08.13") supplements the terms and conditions appearing on all future UA purchase orders, technology and supply agreements, or other orders or agreements relating to the procurement of goods and services between Supplier and UA.

Supplier agrees to comply with establishing and maintaining quality systems required by the latest revisions of SOP-QA-08.13 and documents available at [www.uasc.com/vendor](http://www.uasc.com/vendor)
